Between the Spring of 2019 (pre-pandemic) and the Spring of 2022 (post-pandemic), the percentage of students At/Above Benchmark increased to **85% for grade 2, 97% for grade 3, and 95% for grade 4.**

Additionally, ELL students from 2018 to 2019 had a decline of 20 points in their end-of-year state test scores. After including the 95 Percent Group curricula during 2020-2022, **ELL students improved by 26% (30 points), closing the literacy gap.**
